

Scholars-in-Residence 2018

We are delighted to announce the fifteen projects that will form our Scholars-in-Residence (SiR) in May 2018. Ten will be located at the St. George campus, and an additional five projects will be at the UT-Mississauga campus. Each will be led by a faculty researcher who will supervise a group of five senior undergraduate students from across the disciplines. The 2016 and 2017 SiR has been hailed as a life-changing experience by participants, and we look forward to this year's research.
